

SH0004P Ozone Water Generator

Operating Instruction

Please read this manual carefully before use

1.Introduction

Thank you for purchasing the smart ozone generator. In order to use the smart ozone generator correctly, please read the instruction manual carefully before using it. It is simple in design and operation. It is solid and durable, with low noise when it's work. (For non-professional maintenance personnel, please don't disassemble the machine.)

2.Advantages

1. 5.0-8.0 PPM higher concentration ozone water.
2. Built-in PSA oxygen concentrator.
3. Built-in air compressor.
4. Built-in air dryer to extended service life.
5. Built-in venturi tube to dissolve ozone in water.
6. Automatic built-in air pressure sensor.
7. Easy to install and operate.

3.Product Features

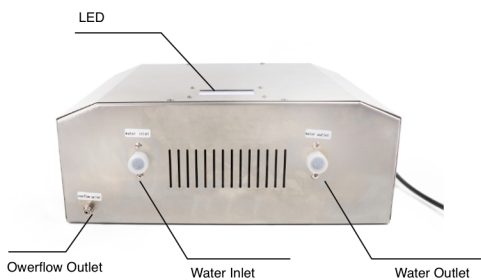

1. 304 stainless steel cabinet
2. Built-in PSA oxygen concentrator
3. Oxygen flow: 1.0 LPM

4. Built-in air compressor
5. Built-in air dryer can extend the service life of ozone generator
- 6.High concentration ozone water 5.0-8.0 PPM
7. Built-in Venturi tube
8. Built-in flow sensor
9. LED display
10. Type of pipe connection
11. wall
- 12.Non-contact automatic standby and sleep system
- 13.CE certification (LVD and EMS)
14. In line with the ROHS

4.Product Parameters

Product Model:	SH0004P
Ozone Production:	5000mg/H
Water Pressure:	>3.0Bar
Temperature:	5-30°
Ozone Waterflow:	200-1200L/H
Ozone Water Concentration:	5.0-8.0PP
Power:	350W
Voltage:	220V; 50/60HZ
Size:	L 410xW 155xH 355MM
Weight:	14KG

5.Product Display

6.Installation and Operation

1. Check that all accessories are included in the package.
2. Connect the equipment (in the machine section).
3. Connect the pipe and clamp it completely with the machine.
4. Press the on/off button (located at the top of the device);
5. Turn on the tap water.
The equipment will start working.
6. If the equipment is not used for a long time, please turn off the switch and remove it The adapter.

7.Use Place

1. Wash fruits and vegetables to remove bacteria, viruses, and surface residues The pesticides.
2. Purify water quality and remove bacteria and viruses from water.
3. Washing clothes, because of the effect of disinfection ozone, there is no chemical formation.
It is suitable for washing clothes for babies.
4. Wash your face and rinse your mouth to remove mite oil from your face. The upper part of the mouth and mouth.
Bacteria to make it healthier.
Clean your pet with ozone water to prevent skin problems and fleas.
